Philosophy, Religion, Social sciences, Law, Education, Economy, Exact and natural sciences, Medicine, Science and technology, Agriculture, Management, Architecture, Art, History, Sport, Biography, Literature.

New York Times Bestseller: Sweeping from the 1850s through the early 1920s, this towering family saga examines the price of ambition and power. Joseph Francis Xavier Armagh is twelve years old when he gets his first glimpse of the promised land of America through a dirty porthole in steerage on an Irish immigrant ship. His long voyage, dogged by tragedy, ends not in the great city of New York but in the bigoted, small town of Winfield, Pennsylvania, where his younger brother, Sean, and his infant sister, Regina, are sent to an orphanage. Joseph toils at whatever work will pay a living wage and plans for the day he can take his siblings away from St. Agnes's Orphanage and make a home for them all. Joseph's journey will catapult him to

the highest echelons of power and grant him entry into the most elite political circles. Even as misfortune continues to follow the Armagh family like an ancient curse, Joseph takes his revenge against the uncaring world that once took everything from him. He orchestrates his eldest son Rory's political ascent from the offspring of an Irish immigrant to US senator. And Joseph will settle for nothing less than the pinnacle of glory: seeing his boy crowned the first Catholic president of the United States. Spanning seventy years, Captains and the Kings, which was adapted into an eight-part television miniseries, is Taylor Caldwell's masterpiece about nineteenth- and early twentieth-century America, and the grit, ambition, fortitude, and sheer hubris it takes for an immigrant to survive and thrive in a dynamic new land.

From a #1 New York Times–bestselling author: A “magnificent” epic based on the early life of Genghis Khan (New York Herald Tribune). This sweeping saga captures life in the Far East during the Middle Ages and dramatizes the events that transformed a Mongol tribesman named Temujin into the man who would conquer Asia and be known to the world for centuries to come as Genghis Khan. Raised by an indomitable woman and educated by his outcast uncle, Temujin becomes a fearsome warrior who inspires loyalty in his friends and hatred in his enemies. But he is also blessed with a keen intelligence and the charisma of a natural born leader. In an era marked by treachery and savage violence, these gifts lead Temujin to a relentless pursuit of power. From the Gobi Desert to Samarkand, Taylor Caldwell transports readers to a distant world and shines a brilliant light on one of history's most enigmatic figures. On her “huge historical canvas . . . blood spurts from the knife; beads of sweat stand out on straining flesh; lusts are consummated and revenges achieved” (New York Herald Tribune).
