In search of "the best America there ever was," bestselling author and award-winning journalist Bob Greene finds it in a small Nebraska town few people pass through today—a town where Greene discovers the echoes of the most touching love story imaginable: a love story between a country and its sons. During World War II, American soldiers from every city and walk of life rolled through North Platte, Nebraska, on troop trains en route to their ultimate destinations in Europe and the Pacific. The tiny town, wanting to offer the servicemen warmth and support, transformed its modest railroad depot into the North Platte Canteen. Every day of the year, every day of the war, the Canteen—staffed and funded entirely by local volunteers—was open from five a.m. until the last troop train of the day pulled away after midnight. Astonishingly, this remote plains community of only 12,000 people provided welcoming words, friendship, and baskets of food and treats to more than six million GIs by the time the war ended. In this poignant and heartwarming eyewitness history, based on interviews with North Platte residents and the soldiers who once passed through, Bob Greene tells a classic, lost-in-the-mists-of-time American story of a grateful country honoring its brave and dedicated sons.

A longtime professor of Ethnic Studies at the University of California at Berkeley, Ronald Takaki was recognized as one of the foremost scholars of American ethnic history and diversity. When the first edition of *A Different Mirror* was published in 1993, Publishers Weekly called it "a brilliant revisionist history of America that is likely to become a classic of multicultural studies" and named it one of the ten best books of the year. Now Rebecca Stefoff, who adapted Howard Zinn's best-selling *A People's History of the United States* for younger readers, turns the updated 2008 edition of Takaki's multicultural masterwork into *A Different Mirror for Young People*. Drawing on Takaki's vast array of primary sources, and staying true to his own words whenever possible, *A Different Mirror for Young People* brings ethnic history alive through the words of people, including teenagers, who recorded their experiences in letters, diaries, and poems. Like Zinn's *A People's History*, Takaki's *A Different Mirror* offers a rich and rewarding "people's view" perspective on the American story.

This first of two volumes presents an introduction to the history of America from pre-Columbian times to Reconstruction. This edition includes new coverage of inclusion and exclusion as it has

played out in American law and institutions, political and social movements, family and individual aspirations, and race, gender, and ethnicity. The author emphasizes the effect of contact among peoples of three different continents, the creation of an "American" people, and the evolving definitions of freedom and equality.

A New York Times Notable Book for 2011 A Library Journal Top Ten Best Books of 2011 A Boston Globe Best Nonfiction Book of 2011 Bestselling author Tony Horwitz tells the electrifying tale of the daring insurrection that put America on the path to bloody war. Plotted in secret, launched in the dark, John Brown's raid on Harpers Ferry was a pivotal moment in U.S. history. But few Americans know the true story of the men and women who launched a desperate strike at the slaveholding South. Now, *Midnight Rising* portrays Brown's uprising in vivid color, revealing a country on the brink of explosive conflict. Brown, the descendant of New England Puritans, saw slavery as a sin against America's founding principles. Unlike most abolitionists, he was willing to take up arms, and in 1859 he prepared for battle at a hideout in Maryland, joined by his teenage daughter, three of his sons, and a guerrilla band that included former slaves and a dashing spy. On October 17, the raiders seized Harpers Ferry, stunning the nation and prompting a counterattack led by Robert E. Lee. After Brown's capture, his defiant eloquence galvanized the North and appalled the South, which considered Brown a terrorist. The raid also helped elect Abraham Lincoln, who later began to fulfill Brown's dream with the Emancipation Proclamation, a measure he called "a John Brown raid, on a gigantic scale." Tony Horwitz's riveting book travels antebellum America to deliver both a taut historical drama and a telling portrait of a nation divided—a time that still resonates in ours.

Concise, clear, compact, Eric Foner's brilliant synthesis of American history is the perfect teaching tool for the U.S. survey course.

Describes the changes brought about by the Civil War, discusses the impact of slavery's end, and looks at the political, economic, and social aspects of Reconstruction.

In a miracle of concision, Paul S. Boyer provides a wide-ranging and authoritative history of America, capturing in a compact space the full story of our nation. Ranging from the earliest Native American settlers to the presidency of Barack Obama, this *Very Short Introduction* offers an illuminating ac-

count of politics, diplomacy, and war as well as the full spectrum of social, cultural, and scientific developments that shaped our country. Here is a masterful picture of America's achievements and failures, large-scale socio-historical forces, and pivotal events. Boyer sheds light on the colonial era, the Revolution and the birth of the new nation; slavery and the Civil War; Reconstruction and the Gilded Age; the Progressive era, the Roaring Twenties and the Great Depression; the two world wars and the Cold War that followed; right up to the tragedy of 9/11, the wars in Iraq and Afghanistan, and the epoch-making election of Barack Obama. Certain broad trends shape much of the narrative--immigration, urbanization, slavery, continental expansion, the global projection of U.S. power, the centrality of religion, the progression from an agrarian to an industrial to a post-industrial economic order. Yet in underscoring such large themes, Boyer also highlights the diversity of the American experience, the importance of individual actors, and the crucial role of race, ethnicity, gender, and social class in shaping the contours of specific groups within the nation's larger tapestry. And along the way, he touches upon the cultural milestones of American history, from Tom Paine's *The Crisis* to Allen Ginsberg's *Howl*. *American History: A Very Short Introduction* is a panoramic history of the United States, one that covers virtually every topic of importance--and yet can be read in a single day. The civil rights movement's most prominent leaders, Martin Luther King, Jr. (1929–1968) and Malcolm X (1925–1965), represent two wings of the revolt against racism: nonviolent resistance and revolution "by any means necessary." This volume presents the two leaders' relationship to the civil rights movement beyond a simplified dualism. A rich selection of speeches, essays, and excerpts from Malcolm X's autobiography and King's sermons shows the breadth and range of each man's philosophy, demonstrating their differences, similarities, and evolution over time. Organized into six topical groups, the documents allow students to compare the leaders' views on subjects including inte-

gration, the American dream, means of struggle, and opposing racial philosophies. An interpretive introductory essay, chronology, selected bibliography, document headnotes, and questions for consideration provide further pedagogical support.

From the bestselling, award-winning author of *The Buddha in the Attic*, this commanding debut novel paints a portrait of the Japanese incarceration camps that is both a haunting evocation of a family in wartime and a resonant lesson for our times. On a sunny day in Berkeley, California, in 1942, a woman sees a sign in a post office window, returns to her home, and matter-of-factly begins to pack her family's possessions. Like thousands of other Japanese Americans they have been reclassified, virtually overnight, as enemy aliens and are about to be uprooted from their home and sent to a dusty incarceration camp in the Utah desert. In this lean and devastatingly evocative first novel, Julie Otsuka tells their story from five flawlessly realized points of view and conveys the exact emotional texture of their experience: the thin-walled barracks and barbed-wire fences, the omnipresent fear and loneliness, the unheralded feats of heroism. *When the Emperor Was Divine* is a work of enormous power that makes a shameful episode of our history as immediate as today's headlines. Don't miss Julie Otsuka's new novel, *The Swimmers*, coming in February 2022!

"A masterwork [by] the preeminent historian of the Civil War era."—*Boston Globe* Selected as a Notable Book of the Year by the *New York Times Book Review*, this landmark work gives us a definitive account of Lincoln's lifelong engagement with the nation's critical issue: American slavery. A master historian, Eric Foner draws Lincoln and the broader history of the period into perfect balance. We see Lincoln, a pragmatic politician grounded in principle, deftly navigating the dynamic politics of antislavery, secession, and civil war. Lincoln's greatness emerges from his capacity for moral and political growth.

Part of the *Reacting to the Past* series, *Patriots, Loyalists, and Revolution in New York City* animates the political and social chaos of the American Revolution.
