Madhouse: A Tragic Tale of Megalomania and Modern Medicine:
Author: Andrew Scull: Edition: illustrated: Publisher: Yale University Press, 2007: ISBN: 0300126700, 9780300126709: Length: 360 pages:...

madhouse a tragic tale of megalomania and modern medicine andrew scull madhouse reveals a long suppressed medical scandal shocking in its brutality and sobering in its implications it shows how a leading american psychiatrist of the early twentieth century came to madhouse is his latest sally

Madhouse is the story of medical research gone overzealous; of needed oversight and peer sanctions being ineffective. Madhouse provides an account of Dr. Henry Cotton, a psychiatrist in search of a physical cause for mental illness. He performed surgery on numerous patients with the belief that their conditions were caused by focal infections.

~~Madhouse: A tragic tale of megalomania and modern medicine ...~~
~~Madhouse: A Tragic Tale of Megalomania and Modern Medicine ...~~

Overview. Madhouse reveals a long-suppressed medical scandal, shocking in its brutality and sobering in its implications. It shows how a leading American psychiatrist of the early twentieth century came to believe that mental illnesses were the product of chronic infections that poisoned the brain.

Madhouse is his latest sally against both somatic approaches to mental illness and historians who evidence sympathy for twentieth-century psychiatrists. In lively prose, Scull retells the sensational story of Henry Cotton, the head of the Trenton State Hospital in New Jersey from 1907 to 1930.

 Andrew Scull, who masterfully tells Cotton's tale, presents the
 framework for Madhouse in so poetic a fashion it is worth
 repeating: "Whether ranting and raving, or melancholy and
 withdrawn, madmen and madwomen have experienced and
 provoked an explosive mixture of commotion and disarray, guilt
 and despair, stigma and shame.
