This is the main reason I was not enthralled with Gaelen Foley's newest Inferno novel My Scandalous Viscount; its heroine was not all that admirable. Carissa Portland calls herself "a lady of information", in fact this moniker constantly runs through her mind to justify all her snooping and eavesdropping behavior.

My Scandalous Viscount, the fifth book in the Inferno Club series by Gaelen Foley, gives us the tale of a notorious rake, who's secretly a spy, who finds himself compromised and "forced" to marry an incorrigible snoop.

My Scandalous Viscount (2012) About book:----- I received this book from Edelweiss and the publisher for my honest review-----As the book that seems to tie everything up in the Inferno Club series I think that this was a pretty good book. In most cases I think that the last books are just there to put the endings on any loose ends a series might have.
