A fan-favorite from USA TODAY bestselling author Victoria Dahl, originally published in 2015. Passion this hot can't be faked... All revved up for bright lights and steamy nights, writer Veronica Chandler chased her dreams to New York City. When she hit a dead end, reality sent her back home to Jackson Hole, Wyoming. Saving her pride and her new gig—writing a relationship advice column!—requires some faking. No one can know the truth about her big-city flop or her nonexistent sex life. But the town's irresistibly rugged librarian is determined to figure her out...and give her hands-on lessons in every wicked thing

she wants to know. Gabe MacKenzie's heart might be in Wyoming, but secretly his future's tied up in his family's Manhattan legacy. Getting down and dirty with Veronica is supposed to give him a few memorable nights—not complicate his plans. But the thing about heat this scorching is there's just no going back...and it might be too hot for either of them to take.

From New York Times bestselling author, Samantha Towle, comes a new standalone romantic comedy. Vaughn West, Hollywood heartthrob, has been at the top of his game for years. He thinks he's untouchable--until a betrayal brings him spiraling down. Now, everyone pities him, and if there's one thing Vaughn hates, it's pity. After a few months of working his way through every available actress, pop star, model, and waitress in California, Vaughn needs to get his life back on track and focus on what he does best--making hit movies. Charlotte Michaels is in love. Just not with one person. Louis Vuitton... Christian Dior... Valentino... Gucci... And the list goes on. Sadly, Charly's limited bank account doesn't allow her those luxuries, and the closest she gets are lucky finds in charity shops and working closely with some of those names in her job as a wardrobe assistant. Now, Charly has landed the mother of all jobs--working on the new Vaughn West movie. Excited doesn't even cut it. Only things don't go as planned, and

it turns out that Vaughn is actually a jerk. A hot jerk, but a jerk nonetheless. So, why do their clothes keep falling off whenever they're around each other? And why can't Charly keep her mind in the closet and off Vaughn? Getting mixed up with a smart-mouthed, fashion-obsessed wardrobe assistant is the last thing Vaughn needs. Getting mixed up with an arrogant, self-centered, obnoxious, jumped-up actor who has a lack of respect for fashion is the last thing Charly needs. 'Hilarious' Sam Leith 'I loved this book'  
Susie Dent 'Witty and affectionate' Lynne Truss Perfect for book lovers, a delightful

history of the wonders to be found in the humble book index Most of us give little thought to the back of the book - it's just where you go to look things up. But here, hiding in plain sight, is an unlikely realm of ambition and obsession, sparring and politicking, pleasure and play. Here we might find Butchers, to be avoided, or Cows that sh-te Fire, or even catch Calvin in his chamber with a Nonne. This is the secret world of the index: an unsung but extraordinary everyday tool, with an illustrious but little-known past. Here, for the first time, its story is told. Charting its curious path from the monasteries and universities of thirteenth-century Europe to Silicon Valley in the twenty-first, Dennis Duncan reveals how the index has saved heretics from the stake, kept politicians from high office and made us all into the readers we are today. We follow it through German print shops and Enlightenment coffee houses, novelists' living rooms and university laboratories, encountering emperors and popes, philosophers and prime ministers, poets, librarians and - of course - indexers along the way. Revealing its vast role in our evolving literary and intellectual culture, Duncan shows that, for all our anxieties

about the Age of Search, we are all index-rakers at heart, and we have been for eight hundred years. \*A Financial Times and History Today Book of the Year\* You have undoubtedly read books by many esteemed prolific authors, but have you ever wished you could get inside their minds and learn how to bring out the book inside of YOU? Solve typical toddler challenges with eight key mindshifts that will help you parent with clarity, calmness and self-control. Through stories from her practice, Claire Lerner shows parents how making critical mindshifts—seeing their children's behaviors through a new lens —empowers parents to solve their most vexing child-rearing challenges. This process puts parents back in the driver's seat, where they

belong and where their children need them to be. These real life stories provide a roadmap for how to tune into the root causes of children's behavior and how to create and implement strategies that are tailored to the unique needs of each child and family. Through these stories, Claire provides a treasure trove of practical solutions that are based in science and which work in real life. Why Is My Child In Charge? picks up where other books have left parents hanging. Most parenting books offer solutions that sound good on paper but don't work in practice. They are aspirational rather than achievable, or they offer one-size-fits-all approaches that don't meet the needs of an individual child. They can compound parents' feelings of frustration and thus, can be counterproductive. Case by case, Claire unpacks the individualized process she guides parents through to solve the most common challenges such as throwing tantrums in public; delaying bedtime for hours; refusing to participate in family mealtimes; and resisting potty training. Employing a relatable story-telling approach, Claire elucidates: The faulty mindsets that pose obstacles to parents seeing the situation more

objectively The essential mindshifts that enable parents to quickly identify the root causes of the problem The development of an action plan tailored to each unique child and family Why is My Child in Charge? is like having a child development specialist in your home. It shows how you can develop "win-win" strategies that translate into adaptable, happy kids and calm, connected and in-control parents. It will help you be the parent you want to be.

Frankie, just a boy of 14, was always seeking ways to make money. When a garbage collecting company in his small hometown had a job opportunity for an enterprising young student, Frankie was one of several boys who jumped at the chance to be a garbage collector, a career he actually considered for himself years earlier. He was, unfortunately, a scrawny kid at 5' 10" but only 120 pounds, which did not impress the owner at all. Despite Frankie holding up two heavy garbage cans at his house on garbage day to positively influence the owner/driver of the garbage truck, his admirable effort failed, for the owner had already offered the job to another student. Frankie had no hard feelings about losing the garbage collecting job, but since there were few money-making opportunities for a young boy, he struggled to find something lucrative and enjoyable, too. Frankie

performed odd jobs, including raking leaves, shoveling snow, and getting bloody hands weeding those horrible, thorny bushes at Mr. Perez's house, with all providing some compensation, but none of these efforts were much fun. Fortunately, his friend Ozzie, who was a caddie at the River Vale Country Club, came to the rescue, inviting Frankie to become a caddie, too. Those golfers who did not wish to carry their own golf clubs, or pull a golf cart holding their clubs, and who desired to get good exercise walking the course, hired a caddie to carry their golf clubs, find their golf balls, keep score, and, on occasion, give advice on club selection. However, Ozzie did have a concern about Frankie as a caddie. Frankie, though humorous, had a big mouth with a penchant for saying anything that came to mind. Would golfers who had Frankie as their caddie enjoy his bold musings? Only time would tell, as Frankie, the witty caddie, who knew almost nothing about golf, learned the game quickly. He became a caddie on his first day at the golf course for a delightful, kind man named Bob, who was part of a horrible golf playing foursome, including Reggie, Whitey, and Jessie that day. The fun

and frolics that ensued for their 18-hole golf adventure, despite this foursome's woeful inability to play golf, was surely enhanced by the hilarious and sometimes belittling comments, not to mention the "heroic" actions by Frankie, which were not only surprisingly welcomed but enjoyed by all.

Parker Four months ago, I made the first spontaneous decision of my life. I left my cold, suffocating family behind and set out for the Golden State. In pursuit of happiness, I threw my rule book out the window. New home, new job, and a brand-new spontaneous Parker. I have to admit, becoming New Parker would be a lot easier if I wasn't flat broke and living in a shack. But I have my friends, a little bookstore full of romance novels, and the freedom I've always desperately wanted. I was perfectly happy with my shelves of book boyfriends until Lukas Donovan walked into my shop. The black sheep of the Donovan family, with his bottle-green eyes, stubbly beard, and those tree-trunk thighs... my romance novel men might never cut it again. I just wish he wasn't such a dick. Lukas Everyone knows I'm the good time guy. I'm the man you date when you

want to piss off your daddy, and the guy you sleep with to make your ex jealous. I'm not long term. Parker Thompson is long term. Preacher's daughter and my sister's best friend, she's one hundred percent off limits and a bad idea no matter how you look at it. Bad idea or not, it doesn't stop me from wanting her so badly it makes me ache. I know I should push her away, keep my distance... but how the hell am I supposed to do that when I can't stand the idea of another man touching her or looking at her. Or really even breathing near her. Revved Up is Book 3 in the Sonoma Series by Mae Harden. Safe, HEA, No cheating, and lots of dirty talk! Get ready for Lukas Donovan, because he's got a possessive streak and a filthy mouth that's going to drive Parker wild.

♥ Julia ♥ Life isn't going great right now. In fact, let's go with "shambles." My job as a pediatric nurse is on the line all because I blew the whistle on an alcoholic doctor. And while he's busy threatening me, my stand-in father is in the hospital for chest pain, my sister is under strict "no stress" orders due to her difficult pregnancy, and I can't tell anyone anything for fear of it getting back to her. Enter Mateo, stage left: the boy next-door turned Navy Seal badass. When it comes to keeping me

safe, he won't take no for an answer. I can't get him off my couch, and the longer he's around, the less I actually want him to go. It certainly doesn't help that every glare he throws in my direction ruins another pair of panties, but I absolutely cannot sleep with my brother's best friend. Nope. That would be really, really bad. ♥ Mateo ♥ I've been in love with Julia Donovan since I was old enough to ride a bike without training wheels. I enlisted in the Navy at eighteen, just so I wouldn't have to watch her pine after my older brother anymore. Injured and pushed into early retirement, I'm back in Sonoma for my first long stretch in eight years. I had every intention of avoiding Julia. Of settling into a civilian life that doesn't put me in the path of my best friend's little sister. What's that phrase about good intentions? Yeah... I'm well and truly f\*cked. I can't possibly walk away and leave her unprotected, not after catching that douche nozzle threatening her. So, I'm glued to her side, even if it means enduring the endless torture of being close enough to taste her and having to keep my hands to myself.

From the world's leading authority on Bob Dylan comes the definitive biography that promises to transform our understanding of the man and musician—thanks to early access to Dylan's never-before-studied archives. In 2016 Bob Dylan sold his personal archive to the George Kaiser Foundation in Tulsa, Oklahoma, reportedly for \$22 million. As the boxes started to arrive, the Foundation asked Clinton Heylin—author of the acclaimed *Bob Dylan: Behind the Shades* and 'perhaps the world's authority on all things Dylan' (*Rolling Stone*)—to assess the material they had been given. What he found in Tulsa—as well as what he gleaned from other papers he had recently been given access to by Sony and the Dylan office—so changed his understanding of the artist, especially of his crea-

tive process, that he became convinced that a whole new biography was needed. It turns out that much of what previous biographers—Dylan himself included—have said is wrong. With fresh and revealing information on every page *A Restless, Hungry Feeling* tells the story of Dylan's meteoric rise to fame: his arrival in early 1961 in New York, where he is embraced by the folk scene; his elevation to spokesman of a generation whose protest songs provide the soundtrack for the burgeoning Civil Rights movement; his alleged betrayal when he 'goes electric' at Newport in 1965; his subsequent controversial world tour with a rock 'n' roll band; and the recording of his three undisputed electric masterpieces: *Bringing it All Back Home*, *Highway 61 Revisited* and *Blonde on Blonde*. At the peak of his fame in July 1966 he reportedly crashes his motorbike in Woodstock, upstate New York, and disappears from public view. When he re-emerges, he looks different, his voice sounds different, his songs are different. Clinton Heylin's meticulously researched, all-encompassing and consistently revelatory account of these fascinating early years is the closest we will ever get to a

definitive life of an artist who has been the lodestar of popular culture for six decades.

At least I'll have something to fantasize about when I'm baking muffins tomorrow morning. BrooksContractor. Loner. Stripper? Not usually, but I'll do anything to get the Bachelorette party in the room next door to settle down. All I wanted was a good night's sleep.
